Repairs Within the Right-Of-Way Permit

DRAW A SITE PLAN WITH LANE CLOSURE /BARRICADES/CUTS/ MATERIAL PLACEMENT

IA Code §105 PLUMBERS, MECHANICAL PROFESSIONALS, AND CONTRACTORS, §105.11 Chapter Inapplicability, Section 12.

The provisions of this chapter shall not be construed to do any of the following:

12. Apply to a person who performs the laying of pipe that originates or connects to pipe in the public right-of-way or property that is intended to become public right-of-way, even if such pipe extends under the property and up to the building. However, the person shall not make any interior pipe connections within a building under this exemption. This exemption does not restrict local jurisdictions from requiring licensure under this chapter if required by local ordinance, resolution, or by bidding specification.

Winterset Municipal Code Title V, Chapter 4, Section 5.409-05.412

5.409. CONNECTIONS TO SEWERS. All connections of private drains or sewers with the public sewers of the City, or the construction or modification of appurtenances to sewers or sewer connections shall be made in accordance with this Chapter.

5.410. PERMIT REQUIRED. No person shall open, uncover, or in any manner make any connection with, or lay drain or sewer, or attach or modify any appurtenance to sewer connections, within the public streets, alleys, sidewalks or public grounds of the City unless a permit has been obtained therefore, or operating under a special contract therefore with the City for such work.

5.411. ISSUANCE OF PERMIT. Any person desiring to use any sewer, do any house drainage, or tap or permit any sewer to be tapped, shall first file with the Office of the City Administrator an application for a permit stating the owner, the name of the plumber making the installation, a description of the premises, for which said sewer connection is required and the purposes for which the connection is required. Upon the payment of a permit fee of **\$50.00**, the City Administrator shall issue to the plumber a permit to connect with the sewer or to do such house drainage in compliance with the rules and regulations of the City. All work shall be done under the supervision and inspection of the City.

5.412. DAMAGES. The plumber or drain layer who makes any connection with the public sewers shall be held responsible for any damages caused to the sewers, or the public streets, alleys, sidewalks, or other public grounds of the City. The plumber shall restore the streets, alleys, sidewalks, or public grounds to the satisfaction of the City.

This shall remain with the individual whom the permit was issued and available upon inspection and request by the City of Winterset. Relative to Title III, Chapter 6, 3.607, Exemption is given for the anticipated construction period.
